Valedictory

Mr C. E. Borchgrevink

"It is with regret that we have to announce that Mr Borchgrevink, of Norway, who has been a Resident Master for the last 18 months, leaves this term. So thoroughly has he identified himself with everything affecting the welfare of the boys, that he cannot fail to be much missed. An enthusiastic and capable botanist, he has given an impetus to the study of plants and flowers. To him we owe the institution of the Museum, whose Curator he has since been. Under his supervision the Drawing Class has done good work. He leaves behind him a good name, and a goodly number of friends who, one and all, wish him the greatest happiness and best of luck in his new life."

I certify that the above is a correct copy from the  
"Cooerwull Magazine" of December 1893.
