SUPERINTENDENT HENRY A. LARSEN.
Polar Medal and bar, F.R.
G.S.; R.C.M.P. Statuette

Sir:-

At the desire of Superintendent Larsen, now commanding "G" Division, Royal Canadian Mounted Police, Ottawa, Canada, I am enclosing you a photograph of a bronze statuette, made by Sydney March, sculptor, Farnborough, Kent, England, of our mutual friend. It is about 18" high, weighs about 20 pounds, and was made for myself, but is deposited in this institution. Mr March made the great Canadian War Memorial at Ottawa, and is considered one of the best sculptors in the British Commonwealth.

I have enlarged copies; they are very handsome.

There has also been painted an old painting portrait ^{of Larsen} by the same artist. At this moment it has not reached me, though it is in Vancouver, but has not passed H.M. Customs.

With best wishes

Most sincerely

The Director,
Norwegian Polar Institute,
Oslo, Norway.
