

Met Stasjon.

H E M M E L I G.

I N S T R U K S.

FOR SONDE - STASJONEN.

Personnellets tjeneste og fordeling ved ALARM.

1. Et antiluftskyts (Hispano) er plasert ved personellsets forlegning "Tjyvjohytta", som de skal betjene.
2. Ved fientlig landgang eller naar landgang ventes er personellsets fordeling folgende:
 - A. Sjefen med nestkommanderende forbjør paa stasjonen og forbereder eventuell sprengning av instrumentene i tilfelle Forsvarsomraadet maa opgies.
 - B. Det øvrige personell skal delta i forsvaret sammen med garnisonen.
3. Alt personell skal være bevestnet med haand-vaapen.
4. Ødeleggelse av stasjonen utføres kun paa spesiell ordre.

Jan Mayen, 9. Desember 1944.

A. Hansson
Sjef Sonde-stasjonen.

T. W. W. W.
Garnisonssjef.

Met. Station

SECRET

STANDING ORDER.

FOR THE MET STATION PERSONELL.

Procedure during an "Alarm"

1. The A.A. Machine gun located near the Met Station, is to be manned by the Met Station Personell.
2. In case of enemy landing attempts or expected landing, the Personell will proceed as follows:
 - A) The Officer in charge and one operator will remain at the Station and carry on the duty.
 - B) One Operator and one assistant will at once leave for the Emergency Station, get it into operation, and stand by to take over.
 - C) The rest of the personell will report to the Garrison to participate in the defence.
3. All Personell will carry arms.
4. The Emergency Station is in all questions regarding technical equipment and maintenance assigned to the Met Station. The food etc. will be supplied by the Garrison.
5. The Officer in charge will have planed and prepared for the destruction of the Met Station. The destruction will be carried out by Special Order only.
6. The Emergency Station and the near surroundings will be the place of assembly for all Personell, when the defence Area has to be abandoned.

Jan Mayen 9 December 1944.
